2.1 Profile of the Institution

Sundarban Hazi Desarat College stands as a testament of opportunity amidst the remote delta of Gosaba block in Pathankhali, Sundarbans. Founded on sacrifice and dedication, its inception dates back fifty-eight illustrious years when the community rallied together to ignite the flame of higher education in this vulnerable yet resilient area. Situated at 11.7 acres of land, the college owes its existence to the visionary leadership of Late Amulyaratan Bhowmik, who, spurred by the establishment of a primary school, envisioned a center for higher learning in the

region. This dream was materialized through the generous contributions of individuals like Late Hazi Desarat's sons - Majidul Haque Molla, Majaharul Haque Molla, and Shah Alam Molla, along with Nepal Chandra Patra and Haripada Das. Their financial support laid the foundation for what would become a pivotal institution in the region. On the auspicious day of August 14, 1961, the College commenced its journey under the guidance of Dr. Rebati Mohan Sarkar, a distinguished professor of Anthropology, as its founding principal. Despite facing financial crises in its nascent years, the college persevered, buoyed by the generosity of individuals like Sri Bankim Mondal, who not only provided financial assistance but also served as a key figure in the college's organizing committee. Initially offering general courses in the humanities under the University of Calcutta, the college later expanded its offerings to include science and commerce disciplines in 1980. Recognizing the need to extend educational opportunities further, the college established a post-graduate distance learning centre in collaboration with Rabindra Bharati University in 2006, offering master's degrees in Bengali, History, and Education. Situated in the remote Sundarbans, plagued by infrastructural challenges, Sundarban Hazi Desarat College has overcome numerous obstacles over its 58-year journey. From humble beginnings with a tiled roof building, the college has evolved into a sprawling institution boasting multiple buildings and separate hostel facilities for both male and female students. Despite the lack of proper transportation, communication, power, and drinking water, the unwavering spirit of the staff and local community has propelled the college forward. Under new leadership, the college has witnessed significant infrastructural developments in recent years. Basic amenities such as sanitation, drinking water facilities, and administrative building renovations have been prioritized. The introduction of online admission, power backup systems, and teaching aids reflects the college's commitment to modernization and accessibility. Moreover, efforts to enhance academic excellence include the introduction of employability skill courses, teaching-learning reforms, and technological advancements such as an updated website and ICT-based teaching facilities. The college's dedication to holistic education is evident through initiatives like micro-teaching, group discussions, and student seminars. Looking ahead, the College remains steadfast in its commitment to providing comprehensive support and facilities to its students. However, its goal remains the nurturing and fostering of academic brilliance among its student body. As it continues to evolve and grow, the college eagerly anticipates the contributions of its new students in upholding its esteemed legacy and realizing even greater dreams for the future.

2.2 Mission and Vision

Vision: Extension of higher education and inculcation of moral and ethical values amongst the young generation of socially and economically disadvantaged communities of the remote villages of Sundarbans to transform and uplift their own lives and communities, so as to attain equity with the advantaged groups.

Mission: To reach out to the remote villages of Sundarbans with the determination to make at least a graduate in each family.

3.0 Objectives of the Audit

To provide a comprehensive overview of the college's academic, administrative, and financial performance throughout the year. This includes detailing achievements, challenges, and future plans. The report aims to transparently communicate to stakeholders, including students, faculty, staff, parents, and governing bodies, about the college's progress, initiatives, and areas of improvement. Additionally, it serves as a tool for accountability and strategic decision-making.

6.3 Curriculum Distribution and Delivery initiatives.

The College, through the efforts of the Academic Sub-Committee, comprising of faculties and other staff members, performs the following role for proper maintenance of the curricular structure.

- Organising and maintaining in a structured manner the academic activities of the college, in compliance with university norms and regulations.
- Organising orientation programmes for the students, with respect to curriculum frameworks as earmarked by the affiliating University.
- Organising different College and University examinations
- Arrangement for speedy evaluation and scrutiny of answer scripts of university examination to help the University publish result in time.
- Help the College maintain a good academic ambience.

The Academic Committee along with the IQAC has performed the following roles and functions to ensure that proper academic standards have been met, and despite a session curtailed by Covid-19 pandemic, several efforts have been made as follows,

The Curriculum prescribed by University of Calcutta emphasizes:

- Regular classes with designated credit hours for each course.
- Inclusion of various activities to make learning more interesting.
- Interactive activities like group discussions, seminars, presentations, quizzes, and debates.
- Focus on developing higher order cognitive skills such as critical analysis, problem solving, evaluation, and synthesis.

Several challenges are faced by the students at the college on a daily basis, as

- Remote location of college.
- Daily conveyance problems.
- Rising transport costs.
- Financial burden hindering regular class attendance.

The College authorities, in accordance with the recommendations by the IQAC in consonance with the Academic Sub-Committee has taken the following actions to address challenges:

- Increased capacity of hostel accommodation.
- Reduced hostel charges.

- Monitoring absenteeism and taking necessary actions.
- Teachers conducting extra classes beyond stipulated workload.
- Providing extra incentives for hostel accommodation.
- Extending library hours till 7 pm for student access to materials.

Initiatives introduced by IQAC regarding Academic work:

- Introduction of 8 Value Added Courses
- Courses designed to enhance skills, instil ethical values, and focus on well-being and self-defence, especially for girl students.
- Multidisciplinary nature of courses.
- Involvement of industry experts and resource persons from other institutes.
- Counselling for backward students, primarily first-generation learners.
- Three-month session of remedial classes for slow learners.

Records and Management:

- All academic events recorded manually by faculty members in consultation with Academic Sub-Committee and IQAC guidance.
- All academic departments have taken care to prepare at the beginning of the academic year a curriculum delivery plan, which has duly been uploaded to the College website for all concerned (Sample Presented below).

10.0 NSS Unit-Activities

The NSS Unit of the College has performed various extension and other activities during the current academic year. They are as follows:

1. OFF Campus programme (In the Village Tentultali) ‘NSS adopted the Tentultali Village’ Special Camping Programme: (08-07-2019 to 14-07-2019)
2. *Swachh Bharat Mission*-Plastic Free Environment programme and awareness campaign at the College Campus’. (13-08-2019)
3. NSS Unit distributed ‘DENGU Awareness’ leaflet in the village to aware the villagers and also in the campus among the students.
4. As per the guidance and advice of our Principal, Dr. Tarun Mandal our NSS volunteers conducted a campaign on Digital Economy for three days, that is, between Nov-13 to 15, 2019. The theme of campaign was “**Cashless Transactions- Faceless, Paperless, Cashless**”, that is to promote the business transaction through “**BHIM–Bharat Interface for Money**” a mobile app developed by Government of India. During the campaign, our volunteers reached every shop and some local houses nearby the local market. The

volunteers explained the benefits of making payment/receipts through the BHIM app, which saves lot of time and efforts for money transactions. Also, every transaction is recorded to be transparent in doing business. Our volunteers insisted the shopkeepers to use BHIM app and helped them to install the app and how to use the app easily.

5. Due to adequate space in the campus and for suitable environment and infrastructure NSS Unit has taken initiatives to cultivate various types of vegetables in the campus. The NSS volunteers take participants throughout the year.
6. 'Constitution Day'- celebration on 26.11.2019
7. Promotion of 'Fit India Movement': 18-01-2020
8. The NSS Unit along with 'Green Cell' launched a project under "Swachh Bharat Mission" named as 'Collect 250-plastics and get one BPA free water bottle.: 22-01-2020.
9. National Voter Day celebration on 25th January 2020
10. Celebration of International Women's Day on 08.03.2020
11. Flower garden Maintenance by NSS Unit.
12. The NSS Unit works regularly with the Green Cell of the college to promote the **Green Campus mission.**
13. The NSS Unit, along with the Green Cell, has prepared a 'Water Harvesting System' on the campus, which reserves rainwater. Excess water is discharged into the pond and utilized for various tasks to achieve the mission of a 'Green campus'. The P.C. CHANDRA GROUP Pvt. Ltd. has provided financial assistance to fulfil this project.
14. On February 14, 2020, saplings were distributed to incoming students as part of this initiative. They were encouraged to adopt a tree and contribute to fostering a green environment. This joint effort by the IQAC and NSS aimed to promote environmental sustainability within the college community.

- Add-on courses are introduced. These courses are of three kinds: Skill-based courses, courses based on ethics and courses on well-being and self-defence.
- IQAC adopted its green policy, named, Go Green# through which all newly admitted students were provided each with a sapling for plantation at home to inculcate in them environmental ethics. The Green Cell under IQAC has initiated a unique policy of giving a student a BPA free water bottle in exchange of 100 pre-used plastic items in order to make the campus plastic-free zone.
- Organized under the rubric of 'Consortium of Science Teachers for Promotion of Science and Scientific Temper' Srinivas Ramanujan Talent Search Examination for school students of adjoining areas. IQAC also organized under its research wing 'Sundarban Research Society' a 'Krishi Mela and an Agricultural Training Programme' for farmers of adjoining villages.
- Under the aegis of IQAC, Departments of English and Botany organized two international conferences, one sponsored by ICSSR and the other financed by college.
- Entry Point Examinations were taken to determine the quality of students and the ensuing policies to be adopted for their progression. Accordingly, a session of remedial classes was organized for 88 days. Again, through strict mentoring schedule, both manually and electronically, students with special cultural/sporting abilities are recognised and encouraged. Differently abled students are given all affordability through the Sudha Chandran Project. Girl students from minority Communities are given special counselling, affordability through Fatima Sheikh Project for Girl students from Minority Communities and Savitribai Phule Project for Girl Students from SC/ST /OBC Communities.
